

Gaming Version

Stunning Modern Design

The chassis features a durable matt finish metal frame with a brushed aluminum finish front panel that adds splendor to its stunning modern look.

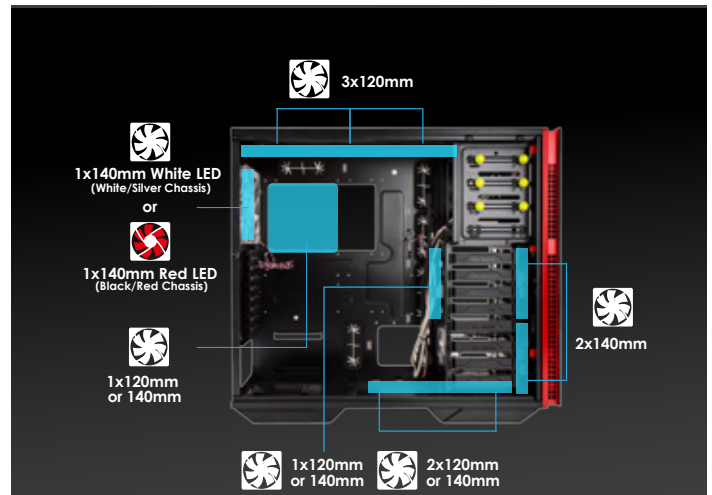

One-Touch 5.25" ODD Door

A smart 5.25" ODD door design keeps the optical drives hidden to complete clean and gorgeous sleek lines throughout the chassis frontal.

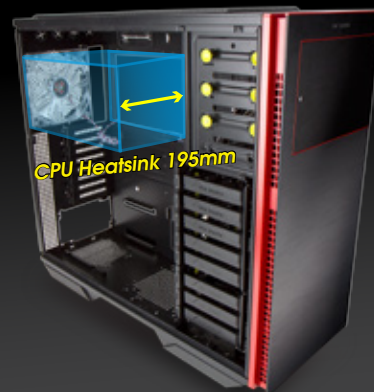

Tinted Window Side Panel

The large extruded tinted window side panel offers an inner chassis view to showcase your high-end components.

Supports up to 10 Fans

An efficient airflow design is crucial for heat dissipation and ventilation. The chassis supports up to 10 fans to produce highly concentrated airflow and excellent cooling performances.

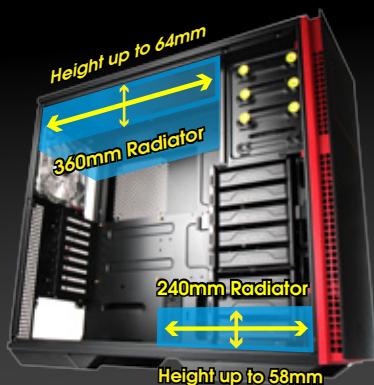

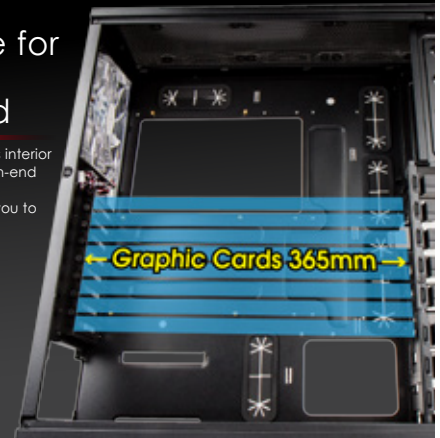

Maximum CPU Heatsink

For extreme gaming enthusiasts who require a large CPU Heatsink to cool their processor. The chassis features spacious clearance to accommodate a large CPU Heatsink up to 195mm.

Ample Space for High-End Graphic Card

This chassis features a spacious interior which can accommodate high-end graphic cards up to 365mm. This spacious feature enables you to create a system with powerful performance and incredible screen resolutions.

Supports Powerful Liquid Cooling Radiator

To enjoy better cooling performance and lower the noise, 707 can accommodate a top 360mm and a bottom 240mm liquid cooling radiator for maximum cooling solutions.

3 x Tool-Free 5.25" ODD Bays

The tool-free mechanism minimizes hassles while installing optical drives by simply sliding the ODD into the place and pushing the fasteners to secure the optical drive.

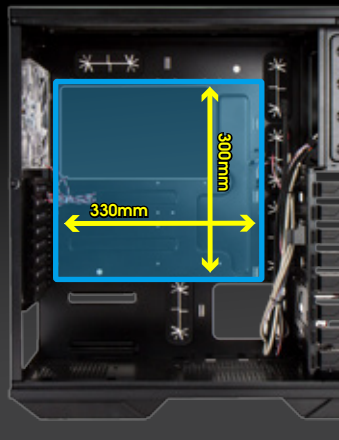

Tool-Free 3.5" Drive Bay Design

User friendly 3.5" drive installation design makes building-a-system as simple as possible. Secure the 3.5" HDD on the Tool-Free HDD tray and simply slide the tray into place and close the front cover to secure the 3.5" drives. All the HDD trays are comparable with the newest 2.5" SSD/HDD.

Accommodate E-ATX Motherboard

707 full tower roomy interior supports E-ATX, ATX, Micro-ATX and Mini-ITX motherboard. These motherboard options allow gamers to have more options to choose their gaming gear.
